

'ROUND 'N' 'ROUND

The most pathetic and expressive picture in ages graces the cover this week of a national weekly magazine.

That of the tearful little boy bringing his bedraggled pup to the doctor's office in an improvised ambulance.

These days it's "Lazybones" sleeping in the shade. How you gonna get your mortgage paid?

George Shaw has a swell poem coming out in Tuesday's Lions club bulletin.

It's all about the wages of sin.

Or tin.

Tin—obsolete term for shekels, 'dough, mazuma, etc.—Webster.

Flash—Redwood Canyon is burning again.

That Berkeley branch is going to have to close its doors.

Or move some place else.

It's fixated to say the very least.

Yesterday was the fifth time this year that it has been taken down the line for a lot of cash.

It must be near a train.

According to reports, the same man who robbed it before pulled the job again this time.

The first time he was dressed in overalls, but his loot must have enabled him to purchase some new clothing.

He looked like a million dollars when he walked in yesterday.

Aimee Puts Her Divorce Up to Temple Leaders

BALTIMORE, Mr. July 27.—UP—The elders of her four square gospel temple must decide whether Mrs. Aimee Sempie McPherson Hutton should try to divorce "dimples" David, great-heart husband.

With a clerical ticket calling for a forty percent reduction in price, the California evangelist departed today for the Century of Progress exhibition in Chicago, with this final word on her marital difficulties:

"I'll let the elders decide whether it is right for me to get a divorce."

Gets Her Ticket

The timely arrival of money from Angeles temple made it possible for Mrs. Hutton to proceed to Chicago. Originally she had planned to dash to the Pacific coast and file a counter-suit to one being planned by her husband.

Today, however, she changed her mind and decided to accept an invitation to preach at the World fair.

An invitation was received, according to Mrs. Hutton's attorney, William Andrews, from a Chicago official, asking Mrs. Hutton to take the place of Ulline Utley, child evangelist, who has been preaching in the World Fair auditorium.

Theatrical Offer

Andrews also said Aimee had received an offer from Alexander Pantages, Pacific coast theatrical man, to appear in his theaters "not as an actress but just to come on the stage and raise funds for the needy." He said it was a "high priced offer."

The principal quest on confront.

Oakland Man to Be Put On Grill For Boy Killing

OAKLAND, July 27.—UP—Acting on a warrant sworn to by San Diego police, Oakland officers today arrested Bassett E. Curtis, 38, on suspicion of contributing to the delinquency of two minor boys.

He will be taken to San Diego tomorrow to face the boys and also to be questioned as to his movements the time Dalbert Afoshian, 7, who was found murdered, disappeared.

Curtis admitted being in San Diego, police said, but claimed he left there July 18.

RICHMOND ADOPTS FORTY-HOUR WEEK LONG IN BATTLE FOR ROAD MONEY

SUPERVISOR BATTLES FOR LOCAL AREA

MARTINEZ, July 27.—Whether or not the supervisors of the county are to give the taxpayers of the western end a square deal, will be determined at a meeting of the board next Monday.

The equal distribution of general fund road money, was brought up at a meeting of the board today by Supervisor J. N. Long of Richmond, who claimed that supervisor district one was being discriminated against.

Long, who represents forty percent of the assessable wealth of the county, and has but one vote, while the other supervisors each represent fifteen percent, during the course of the budget hearing today, made a demand, that provisions be made in the general road fund, for the improvement of the two main approaches to Richmond, Twenty-third street and the extension of Tenth street.

Long wants to place these entries to Richmond in a condition that will not be hazardous.

Two Main Arteries

It is his desire that Twenty-third street, from Market to the state highway at San Pablo, be straightened out, and that the Tenth street approach be improved. Both of these highways are main arteries and carry a large amount of traffic.

The other members of the board are objecting to providing for the work, and during the discussion, which became heated at times, Long produced statistics that were very startling.

In this county there are 23,714 automobiles, and they are registered as follows: Number 1-9,180; No. 2-2,698; No. 3-5,776; No. 4-2,700; and No. 5-3,360.

The state returns to the counties, one cent of the tax collected on

Screen Actress Gets Annulment

SAN FRANCISCO, July 27.—UP—Caroline Newell, screen actress, today was granted an annulment of her marriage to Samuel Sokol, Chicago salesman, and her maiden name, Edna C. New, was restored.

She and Newell were married in Los Angeles Feb. 23, 1932. Prior to the wedding, she claimed, he threatened to kill her unless she married him.

Miss Newell said she left her husband during a party celebrating their wedding, and had not seen him since.

The suit involved 200 feet of right-of-way which the lower court awarded the milling company. The railroad claimed priority under government laws to offset a homestead claim filed in 1871 by William M. Pileston.

Chief Howard Gray of the company fire department directed the efforts of his own crew and that of Chief W. P. Cooper who brought some of his crews and men to the rescue.

Large Attendance

At Eagles' Lodge

An interesting and enjoyable meeting was held last evening by Point Richmond aerie, Fraternal Order of Eagles in Brotherhood hall.

The meeting was well attended and was devoted principally to the transaction of important business matters.

A report was given on the Drum Corps which made a good showing in Martinez recently when it led a parade of 17 candidates for the Martinez aerie.

A discussion then took place on the Drum Corps picnic to be held in La Honda bowl on August 13. All members are distributing tickets and a large attendance is expected.

Refreshments were served at the close of the meeting by Joe Matteucci and the house committee.

Kidnaping Gang Remains Silent In Urschel Case

OKLAHOMA CITY, July 27.—UP—The fifth day since the kidnaping of Charles F. Urschel went by today without any word from the two machine gunners who abducted the millionaire oil man.

Arthur Seeligson, spokesman for the Urschel family and he group of millionaires authorized to act as negotiators, said today that no ransom demands had been received and no communication of any sort had come to the family since Urschel and W. R. Jarrett were kidnaped while playing bridge with their wives at the Urschel home on Saturday night.

Jarrett was released in a few minutes, but said he was not given any instructions.

Money has been raised to meet ransom demands if they are made and all police have been withdrawn from the Urschel home so the kidnapers can come and go without detection, but the abductors have made no move.

Railroad Company Wins Court Suit

SAN FRANCISCO, July 27.—UP—Circuit Judge William Sawtelle today affirmed the finding of the lower court in the case of the Southern Pacific Lines vs. the Ambler Grain Milling Co., Los Angeles.

The suit involved 200 feet of right-of-way which the lower court awarded the milling company. The railroad claimed priority under government laws to offset a homestead claim filed in 1871 by William M. Pileston.

Chief Howard Gray of the company fire department directed the efforts of his own crew and that of Chief W. P. Cooper who brought some of his crews and men to the rescue.

Nation's Employers Rush to Sign Agreement on F. R.'s Working Code

WASHINGTON, July 27.—UP—Employers throughout the country were scratching their signatures today across President Roosevelt's blanket agreement to raise pay and shorten work hours.

General Hugh S. Johnson, recovery administrator, awaited reports from key cities of early names to be placed on the honor rolls which will hang from the walls of every postoffice in the country.

Simultaneously with opening of this phase of the campaign to increase mass purchasing power, a nationwide United Press survey showed that thousands of men are returning to work daily. Charity rolls are being reduced under the momentum of business improvement.

Meanwhile, Johnson and his legal aides were engaged in a conference to interpret a very important point in the blanket code.

This involves its application or

Oakland Men Plan To Construct \$700,000 Horse Racing Track

A \$700,000 horse racing track will be built in Alameda county and will be ready for operation by Thanksgiving Day, according to announcement last night.

Articles of incorporation were filed in Sacramento by the Oakland Jockey Club listing capital at \$150,000.

Directors of the club are: Eugene Normile, F. Sullivan and Joseph M. Kelley, all of Oakland.

Normile said the track would be located "within six miles of the Oakland city hall."

It will be a mile oval. Construction work will be started within the next two weeks.

Pari mutual betting will be permitted at the track, in accordance with the referendum measure approved by vote of the people in June.

Normile, who will direct the construction, equipment and management of the track, is a veteran race track executive. He said announcement of officials and personnel of the Jockey Club will be made soon.

The club will open offices Monday in the Financial Center Building in Oakland.

A feature of the track will be an infield in the form of a sunk-in garden, with ponds and fountains, according to the plans. Contract for the construction work, Normile said, already has been let.

Oil Tanks Are Saved In Fire Near Refinery

A blaze which had Standard Oil and Richmond firemen stepping for a while yesterday threatened the oil filled tanks of the Philippine Refining company back of Point San Pablo.

The flames which began from a grass fire were out of control for about two hours during which they endangered the Rod and Gun club in addition to the tanks.

It was finally extinguished after burning over most of Point Orient and Point San Pablo.

Standard Oil employees had been burning grass for a firebreak. They quit at lunch time supposing the flames to be entirely out. A breeze is thought to have fanned them back into working order and the trouble began.

Chief Howard Gray of the company fire department directed the efforts of his own crew and that of Chief W. P. Cooper who brought some of his crews and men to the rescue.

Richmond Potters O.K. Roosevelt's New Working Plan

Hollywood Film Colony Tied Up By Big Walkout

HOLLYWOOD, July 27.—UP—The strike of motion picture technicians reached a new impasse tonight when representatives of strikers and film producers failed to agree on terms of a proposed settlement.

The five affiliated unions of the I. A. T. S. E., the theatrical organization, called a mass meeting of the 3,000 strikers to discuss plans for fighting the walkout.

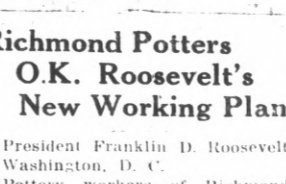

"Producers have refused our demands and we are going to see this through," declared J. Green, international vice president of the I. A. T. S. E., said.

The general strike, which followed a walkout of sound technicians seeking a basic wage agreement, resulted in producers hiring substitutes for the sound men.

Long Arguments Hold Up Cult Trial Jury; May Finish By Noon

MARTINEZ, July 27.—UP—Long arguments consumed so much time today that a jury was forced to wait until tomorrow before it may begin deliberating the fate of seven Filipinos charged with jurying a woman alive.

The prosecution had not concluded its arguments when court was adjourned. The case was expected to reach the jury by noon Friday.

Previously, Superior Judge Thomas D. Johnston indicated he would hold court in session after midnight if necessary, to charge the jury.

District Attorney James F. Hoy said it would take him "about an hour" to conclude his arguments, through which he hopes to convince the jury the defendants should be found guilty and sentenced to death or life imprisonment.

The defendants are accused of the "living burial" of Mrs. Cecelia Navarro after she was tried before a Filipino lodge on charges of infidelity. They contend, however, that Pablo Bustamante, chief state informer, killed her.

TOO HOT FOR TENNIS

PHOENIX, Ariz., Tennis players here are up at daylight these days. With the thermometer hovering around 100 in the afternoon it practically is impossible to play during the afternoon, especially late in the day.

Automobile Fire Proves Fatal to Two Little Girls

OAKLAND, July 27.—UP—Trapped in the rear seat of a flaming automobile, two children were burned fatally today while their parents fought to rescue them.

The victims, Emily Marie, 2, and Esther, 1, children of Marilyn Smith, a housewife, were riding in the back seat as the family drove to Pleasanton where Smith believed he could find work.

Edith began to whimper and Smith stopped the car.

Gasoline Explodes

"I guess I lit a match, because the next thing I knew there was a terrific flash," he told authorities.

An open can of gasoline, carried on the floor of the tonneau, had become ignited.

The car became a mass of flames instantly. Smith and his wife leaped from the front seat and the mechanic dragged out Emily.

"I ran around to the other side to get Esther but I couldn't find her in the smoke and flames," he said.

"They knew a little hand sticking up from the floor. I grabbed it and pulled Esther out."

Autos Pass By

Smith and wife stood alongside the road, the children in their arms trying to get help. Twenty automobiles passed them before a truck driver stopped and brought them to a hospital. Both children died shortly after their arrival.

Standard Lowers Price of 'Ethyl'

SAN FRANCISCO, July 27.—UP—Motorists using ethyl gasoline will be benefited by a one cent price reduction starting Friday, the Standard Oil Company of California announced today.

The reduction, applying at all Pacific Coast points, will leave only a two-cent differential between ethyl and standard gasoline.

ENGINEER RETURNS

ALAMEDA, July 27.—B. Ray Fritz, former manager of the Alameda municipal department of electricity, and Mrs. Fritz returned here today from a visit to the Century of Progress Exposition in Chicago. Fritz participated in the sessions of the national convention of electrical engineers, which was held in the exposition city.

MERCHANTS HERE SHOW FINE SPIRIT

Richmond merchants last evening blazed the way for complete acceptance of President Roosevelt's recovery plan. The first in the bay region to take this step, every grocer, meat dealer and vegetable man in the city, voted unanimously to accept the 40-hour week and minimum wage schedule of the NIRA.

Independent stores and chain stores alike sent representatives to the meeting in Redmen's hall last evening. About 45 were present and there was not a dissenting vote to the plan as offered.

Starts Wednesday

The plan will go into effect no later than Wednesday. The clerks will go on their shorter working schedule and new men will go to work.

Otto Ludewig has already notified his new employees and the other stores have indicated their intentions of doing so within the next few days.

It was interesting to learn that the minimum wage scale will have practically no effect on Richmond merchants as they have been paying above the minimum salary consistently.

Committee Named

A committee to insure success of the code was appointed and includes: T. Westdin, C. George and E. Forwick. These men will secure signatures for the code acceptance and will supervise its carrying out.

Charles Hunt presided over the meeting.

The enthusiasm displayed at the gathering seems to reflect the hope and encouraging effect which President Roosevelt's revolutionary plan has brought about in this city.

The fact that, in all the vicinity, Richmond is the first to take actual steps toward prosperity shows the progressiveness and unselfishness of our local merchants.

New Leader Is Named For the Legion Post, 10

Al Davis was last evening named commander of Richmond Post No. 10, American Legion, at an election held during the meeting in Memorial hall.

The remainder of the new staff includes: Lloyd Spires, first vice commander; John Kinstry, second vice commander; C. H. Dexter, chaplain; adjutant, C. W. W. St. John; Herbert Cusack, sergeant-at-arms; W. H. and H. Hale, color bearers; Tony Papadakes, treasurer; Boyden McPhee, historian; C. W. W. St. John, hall director.

D. M. Bradley, Earl Wiles, Bert Wierda, H. H. Zimmerman and H. Baker, executive committee.

City council delegates will be: Sam Ripley, Dan Bradley, W. A. Vickery, George Inabach, Bert Wierda, H. H. Zimmerman, Lloyd Spires and Carl Lamb.

The delegates to the department convention at Pasadena August 14-16 will number: R. E. Tillman, S. S. Ripley, Lloyd Spires, Rev. A. J. Case, C. W. W. St. John, Tzar Calfee and Earl Davis.

Their alternates will be: Earl Wiles, C. E. Hampton, George Inabach, Pryce Roberts, Herbert Baker, J. A. Narbett, Herbert Cusack and J. H. Johnson.

D. M. Bradley, commander, presided over the meeting during which the following new members were accepted: John P. O'Rourke, William Stokler, Alfred E. Stewart and L. H. Putnam.

A supper followed.

SENATORS NOW 2 GAMES AHEAD OF N. Y. YANKS

NEW YORK, July 27.—A tenth inning 3-2 victory over the New York Yankees today put the Washington Senators two games ahead of the world champions in the American league standings. It was the first time since July 12 that two games have separated these teams in their see-saw battle for American league leadership.

The lead put the Senators in a spot where they need but one victory in the remaining three contests to at least maintain a tie for first place as they settle down next Wednesday for a home series with Boston after two days of rest.

Gets Single

Cliff Bolton was responsible for the Washington victory today. His single in the tenth inning with the bases full and two out scored the winning run.

Boston's Red Sox advanced to within half a game of the sixth place Chicago White Sox by sinking the Philadelphia Athletics, 6 to 2.

Cleveland defeated Chicago 9 to 1. The Indians pounded four pitchers for fourteen hits while Pearson held the Sox to five.

The victory sent Cleveland to fourth place, a single percentage point ahead of the Tigers.

In the other American league game St. Louis defeated Detroit, 10 to 12 in ten innings.

Brooklyn's Dodgers dropped to the cellar in the National league, losing 2 to 0 to the Giants while the Phillies were winning a double header from Boston.

The Philadelphia nine, former occupants of last place, captured the games 4-3 and 2-1.

Carl Hubbell hurled the Giants to their fourth and concluding victory of the current four game series with the Dodgers as he held them to four hits.

5 Game Lead

The victory put the Giants five games ahead of the Chicago Cubs, second place occupants, who lost 2 to 0 to the Pittsburgh Pirates. The Pittsburgh victory put them, but half a game behind the Cubs.

Two runs in the ninth inning gave the St. Louis Cardinals a 4 to 3 victory over the Cincinnati Reds.

El Cerrito Club Show Is Hot One

Tonight's show at the El Cerrito Athletic club is said to be brimming over with high class attractions.

Joe Baldwin of Richmond and Wilbur MacDuffie of Hayward, heavyweights, will mix things for honor and country. Mickey Brown of Richmond and Harry Lamb, the "Kosher Boy" of Oakland, have a date in the squared circle, and there will be four other boxing bouts.

The wrestling program includes a match between Gentleman Pete Tripodes and Tony Silva, the Portuguese flash. Last week Tripodes won his bout.

Those who attend tonight's show at the Cerrito club are promised a full evening of exciting entertainment.

Ernie Triplett Injured In L. A. Speedway Crash

LOS ANGELES, July 27.—UP—For the third time in his lengthy career as an automobile racing driver, Ernie Triplett, twice Pacific Coast champion, appeared to have cheated death today.

The veteran driver, twice previously pronounced injured beyond hope of recovery, was involved in an accident at Ascot speedway last night which for all time appeared would prove fatal.

Triplett and Al Gordon, racing neck and neck in the 33d lap of the 50-lap race, event, locked wheels on a turn. Triplett was thrown 75 feet through the air to land in a crumpled heap on the track.

Physicians at White Memorial hospital today reported Triplett had received only a broken shoulder and scalp lacerations, and that his condition was "fairly good."

Triplett, recently returned from Indianapolis where he competed in the Memorial Day races, has been attempting to regain the lead in the Pacific Coast title race, and his daring driving time and time again has brought him within an ace of injury.

Gordon, driver of the second car, was uninjured, although his car was wrecked.

ORONITES ARE CHAMPIONS OF TWILIGHTERS

It's all over but the shouting. The Oronites are champions of the Standard of Twilight league.

They won the title last night by defeating the Colts, 2 to 1, in as hot a game as the best street let has ever witnessed.

The winners put a run over in the first inning. Another in the second, and their third in the sixth. The Colts lost both their rallies in the sixth, which was the deciding inning of the game.

Enthusiasts did the pitching for the Oronites, with Vianini behind the plate. Cochran and Jensen formed the battery for the losers.

The game was the second played to break up a three-way tie for first place. On Tuesday night the Stanavos club was eliminated from the race by losing to the Oronites.

Berkeley Woman in Tennis Semi-Finals

VICTORIA, B. C., July 27.—Mrs. Golda Gross, Berkeley, California, advanced to the semi-finals of the British Columbia tennis championships today by defeating Miss Peggy Jackson, Victoria, 6-3, 6-1.

She will meet Miss Mary Campbell, Victoria, and the winner will play either Gracy Wheeler or Dorothy Bundy, both Santa Monica, California, for the title.

In consolation matches, today Harry Goldman, San Francisco, defeated Bob Witt, Seattle, 2-6, 6-4, 6-3.

BOLD BANDIT ROBS BANK IN SO. BERKELEY

BERKELEY, July 27.—An armed thug, identified as the same bandit who a week ago perpetrated a similar raid on the same bank, held up the South Berkeley branch of the Bank of America, 3250 Adeline street, shortly before 3 o'clock today seized \$200, and fled as Clarence R. Neilson, assistant manager fired at him.

It was the fifth time within the year that the branch has been robbed.

The bandit operated in an automobile stolen a few minutes before from Roy H. Switzer, 27, of 85, Fifty-second street, an insurance salesman.

Switzer was hailed by the bandit at Sixty-first and Adeline streets, and drove him into Berkeley, at Ashby avenue and Dolan street, his companion drew a gun, robbed him of \$20, threw him out of the car, and apparently drove directly to the bank.

Very Nonchalant

Yawning nonchalantly, the thug strolled into the bank, forced Neilson and Douglas Bellon, clerk to stand by silently and told Neilson to "dish it out."

Neilson passed over a roll of currency containing about \$100.

"This chicken feed isn't enough," the bandit said. "I need more. Slip me the rest."

Again Neilson fumbled in the cash drawer and tossed a roll, containing another hundred dollars, at the thug.

Makes Get-Away

"Now lie down on the floor—both of you—and don't get up," the bandit warned as he backed away from the counter and ran through the door.

Instead, Neilson seized a gun, ran outside and pumped lead at the bandit as he drove away from the curb in a machine he had parked there.

Neilson told police he believes one of his bullets hit the bandit's car, but he was not certain the fugitive had been hit.

The bandit's car raced on Harmon street and south on Adeline. The license number was furnished police.

In contrast to his previous appearance, when he entered the bank clad in blue overalls, the thug today wore a neat dark gray suit and a light felt hat.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

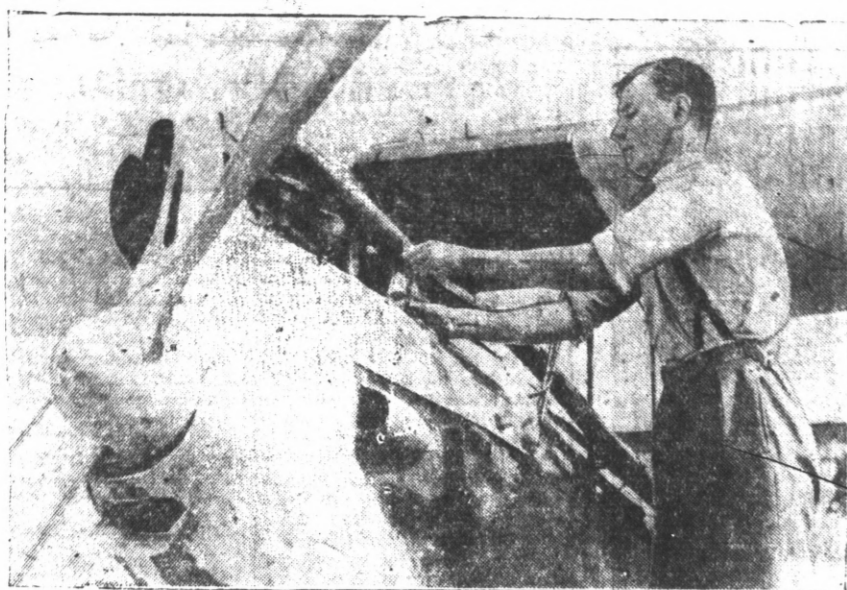

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your headaches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Retail a substitute, 25c at drug stores. © 1931 C. M. Co.

Briton Prepares Ocean Flight

First Part Of Bridge Launched at Ceremony

OAKLAND, July 27.—The first erect the caisson to a height of 75 feet, using timbers for this purpose.

When this job is completed in about two months the caisson will be towed to a point west of Yerba Buena Island where it will constitute the cellular construction of the pier.

The caisson was formally sent on its way down the slides by Mrs. Joseph A. Moore, Jr., daughter-in-law of the head of the drydock company. She smashed a bottle of California wine on the steel edge of the caisson.

Others who participated in the ceremony were C. H. Purcell, chief engineer of the bridge; C. E. Andrews, bridge engineer; G. B. Woodruff, engineer of design; Joseph A. Taylor and Mrs. Thomas Rolph, sister-in-law of the Governor.

Governor Rolph and other governors, participating in the Governors Conference at San Francisco, were unable to attend.

Another huge caisson of the bridge is due to be launched in September.

The steel frame launched yesterday is 127 feet in length and 74.6 feet wide, weighing 500 tons.

Extra Session Of Legislature Is In Prospect

SACRAMENTO, July 27.—(UP)—Newly authorized special session of the state legislature within six months, unless there is a deemed improvement in economy conditions, was predicted by Robert Vandegrift, director of finance, today.

The midsummer session adjourned early today after passing bills designed to bring the state revenue in striking distance of an estimated \$125,000,000 deficit.

But Vandegrift, claiming the legislature took \$72,000,000 out of balancing the budget, said it would be necessary to convene another session to raise additional revenue to carry on state government.

A general increase in taxes, which would boost the sales tax yield, might eliminate the necessity of additional legislation, he pointed out.

The legislature passed three major revenue bills, the sales tax, income tax and transferred industrial tax, which were expected to produce approximately \$125,000,000.

According to Vandegrift's figures, however, the three measures would fall some \$32,000,000 short of \$125,000,000 and if Gov. James Rolph vetoed the income tax or admitted possibility, the "red" balance would be boosted to \$17,000,000.

The sales tax provides a 2 1/2 percent rate until June 30, 1934, and 2 percent thereafter. Estimated rates of its yield vary from \$80,000,000 to \$120,000,000, depending upon how swiftly economic conditions improve.

The personal income tax proposal, as finally approved by both houses, provides one percent tax on the first \$1,000, two percent on the second \$1,000, three percent on the third, four percent on the next \$38,000 and five percent on all incomes over \$50,000.

Exemptions and other provisions of the revised income tax law were incorporated in the bill.

The income tax yield was expected to net \$11,000,000.

A proposed hard liquor tax bill exempting wine, failed of passage in the house after it slipped there the senate without undue opposition. The assembly also killed the proposed dollar increase in the motor vehicle license fee by an overwhelming vote.

The legislature passed the Robinson bill, denying the state board of equalization the right to levy an ad valorem tax to meet an existing deficit while the legislature was not in session.

Vandegrift said he would recommend veto of the measure because he feels it would damage the state's credit.

Girl's Abductor Will Feel Noose For Vicious Act

KANSAS CITY, Mo., July 27.—(UP)—The war of federal authorities against kidnaping throughout the nation opened here today with a death verdict against Walter McGee, 28 year old desperado.

A jury gave McGee the first gallows sentence imposed in a gangster kidnaping today exactly two months after his band kidnapped Miss Mary McGee, daughter of City Manager H. F. McGee.

The verdict is only the beginning of the field federal authorities plan against the underworld, said Joseph B. Keenan, special assistant United States attorney general. Keenan came here from Washington to assist the state.

"This verdict will serve notice to kidnapers throughout the nation that they may expect the severest punishment for their crimes," said Keenan. "This death penalty verdict is the best possible way to halt the march of kidnaping and other vicious crimes."

"The government will continue to work shoulder to shoulder with state authorities in their drive to stamp out this form of racketeering in the United States."

White-haired Judge McGee, who paid the McGee gang \$30,000 for his daughter's release, said, "Justice has been done."

"I have only one thing to say," said Miss McGee, a society figure. "I hope this will help to prevent future kidnapings."

France In Bid For Davis Cup

PARIS, July 27.—(UP)—France's Davis Cup forces will seek to make their sixth successful defense of the famed tennis trophy on the clay courts of Roland Garros stadium tomorrow, with Great Britain as the challenger.

If successful France will have tied the mark established by the United States in the years between 1920 and 1926.

In tomorrow's first round contest the youngster Andre Merillon, substituting for Jean Borotra who refused to play singles, will meet W. (Bunny) Austin of England, and Henri Cochet, the little master will engage Fred Perry.

Saturday Borotra and Jacques Brugnon will meet Perry and George Patrick Hughes and play will be ended Sunday with Cochet meeting Austin and Perry playing Merillon.

It is imperative, according to Regele, that the farmers attend meetings in their respective communities so that they may obtain information that will enable them to decide whether they wish to participate or not.

COUNTY WHEAT CROP CURBING IS UNDER WAY

The wheat administration campaign by which production is to be curtailed so that surplus will be eliminated, started in Contra Costa county this week with a series of meetings attended by wheat growers in various communities, according to Farm Advisor, Ray G. Blair.

A schedule of the weekly meetings include Danville, Wednesday evening at the San Ramon Valley Union high school; Concord, Thursday night at the Concord Farm Center house; Brentwood, Friday night at the Brentwood grammar school.

All meetings are scheduled to start at 8 o'clock.

The purpose of the meetings is to acquaint the wheat growers with the economic conditions which make wheat production so costly and to discuss the domestic allotment plan.

In addition, these meetings are preliminary to the final organization of the District Wheat Production Control association which will include the growers of Alameda, San Clara and Contra Costa counties.

The plan, as proposed by the secretary of agriculture, contemplates bringing of wheat to a parity with the prices of commodities that the farmer buys, by an acreage reduction program and by voluntary benefits in payment to the farm by the Federal Government from proceeds derived from processing tax on the manufacture of wheat into flour.

All wheat growers will be given an opportunity to participate in the campaign after they have been fully informed as to the plan.

While not a large wheat producing country, Contra Costa county nevertheless is credited with a 5.50 average of 121,000 bushels, and the 1930 census shows 34 farms producing wheat.

It is imperative, according to Regele, that the farmers attend meetings in their respective communities so that they may obtain information that will enable them to decide whether they wish to participate or not.

GEORGE BRENT IN LEAD ROLE AT FOX TODAY

A daring story of a woman's life, one who plays all men for suckers is the role portrayed by Barbara Stanwyck in her new Warner Brothers hit, "Baby Face," which opens today at the Fox theater at the head of a great program.

"Baby Face" is the story of a girl who overcomes the limitations of being born and reared in the slums of a steel town and becomes a notorious woman.

Her need is to use men instead of being used, and her beauty and charm leads her to wealth and luxury. She takes from each admirer all that he has to give her and goes on to another, taking care that each succeeding one shall be wealthier and more powerful than the last.

George Brent has the leading role opposite Miss Stanwyck and the other important roles are enacted by Donald Cook, Arthur Hold and Theresa Harris.

ADDED SUBJECTS

Charlie Chase in his newest two reel comedy, "Arabian Nights," "Beer Parade," a 8-strip cartoon comic, and "Nertery Rhymes," a colorful musical revue featuring Ted Healy and his boy, are the added subjects on the current program with "Baby Face."

Brother Marry In Double Rites

OTTAWA, Kan., July 27.—Two brothers, members of the Little Theater Company of Lawrence, took brides in a double wedding ceremony here. The actor brothers, Lyndon A. Beardslee and Paul C. Beardslee, sons of Mr. and Mrs. Clarence A. Beardslee of Lawrence, and Miss Zelma Syndal of Lawrence and Miss Frances Gons of Brookridge, Mo., were married by Judge Clive Owen. All the principals are graduates of students at the University of Kansas.

NEW YORK INSIDE OUT By DON O'MALLEY

NEW YORK, July 27.—Maybe it's the whole truth, but as the Mills Brothers would say, "It was not told to me, I only heard." It concerns the fellow and girl who were infatuated with each other. They were both honestly in fact, that the boy couldn't bring himself to kiss the girl and the girl wouldn't kiss the boy. But they were in love, and who are we to question the ways of love?

So what did they do? They went out and purchased a couple of those celebrity masks. The boy came back as Clark Gable and the girl returned transformed into Greta Garbo. They kissed, got married and lived happily ever after.

One of the new type of broadway night clubs sells beer at a quarter a glass. Since we had heard that the bar in this particular club cost well over \$20,000, we thought it would be worth two bits just to see it. The bar was one of the most attractive in Manhattan, done in red and black with saucy red leather chairs around it. We asked for a beer. It arrived in the daintiest little piece of glassware in captivity, long, tapering, slinky affair, very thin.

All of which goes to prove how little this younger generation knows of the art of beer drinking. The old timers will tell you that beer should always be served in thick mugs, steins. Somewhere recently we discovered the reason for drinking beer from thick steins. A thick edge on a stein forces the drinker to open his mouth wide. Then the beer hits the back of the throat which is as it should be. It should be poured down and not sipped at a cocktail.

OVER AND OVER again you've probably said to yourself as you read the morning papers, "It's amazing to what lengths a person will go for the sake of a little publicity." And right you are. Witness the case of Margaret Carlisle, an actress who arrived recently in New York from England where she has been living with her new husband, Leonard Creely, an English cricketer.

Margaret completely loved over the surprised newsmen and camera boys by appearing with a dog collar around her neck bearing her name and address. And it was not a fake, strictly ornamental dog collar. It was just the kind you bought for Fido, a real, red, faded dog collar. And she had another around her wrist. She explained the presence of the harness by saying that she wanted to be bossed, dominated, and wanted the world to know it. She neglected to add that she also passionately wanted her picture in the papers.

Hollywood Film Shop

HOLLYWOOD, July 27.—UP—The western movie thriller is America's lone contribution to dramatic art, and as such is destined, like the babbling brook, to go on forever. Ken Maynard can see no other interpretation than this in the fact that "horse operas" continue in popularity year after year despite changing cycles in other types of films.

"The western," says Maynard, who is one of the best of the Sarsaparilla Booths, "is as American a phenomenon as strawberry shortcake or chewing gum. As a matter of fact, half the world still believes this country totes a gun and wears sombreros."

"That's because they accept western screen plays as the one thing different from any other national trait and assume that Americans must have some national peculiarities."

"From the average talkie sent out by Hollywood these days, the natives of Clam or some such remote realm might easily presume that the people who acted it were British or continental. But they never miss tagging properly a cowboy film."

Another reason for the sustained success of westerns, says Maynard, is because "at heart every American boy and man, and I don't know but what I'd include women, are cowboys."

"By this I mean the adventure of their early lives was visualized in the old west," he explains. "The kid novels they read, the wild west shows they saw the settings of their exploits from Teddy Roosevelt on down, were laid out past the plains. It's hard to forget the romantic and adventurous impressions of childhood. Western America and its heroes are to the United States what the legends of Siegfried are to Germany, El Cid to Spain and Beowulf to Scandinavia."

BLIND ALLEY

BY ROBERT BORDNER

Mary Burke, who sings in her uncle's night club, becomes engaged to Jerry Dugan, a young gangster. His tower steadily increases, but two rivals, Mickey McNeil and Larry Burke, are out to "get" him. Burke, once a leading newspaper, has been making an investigation of the corrupt tie-up between the city administration and Jerry's organization. The Beacon has been up by the fortuitous discovery of very damaging evidence.

CHAPTER XXXIII
IT WAS worse and more of it that Monday morning when John Clegg filed a long list of specific charges of election frauds in various precincts Jerry's gangsters had carried heavily for Clinton in the primaries. The Beacon had armed Clegg with much of the information.

Over the week-end the men on the Beacon had been working without stopping for more than a snatch of sleep. Clegg and two other independent candidates had been talked to. A handful of opposition candidates had been dragooned for the forces of reform. With the scattering of candidates running on independent tickets, the list made a fairly imposing showing. If these men could be depended upon, the machine control of the city board of aldermen could be broken and the Chief and his cohorts in both parties could be given the first real whipping in years.

THE BEACON hammered at the ramifications of the corruption of the machine in power as disclosed in the long notebook. It urged the public to go to the polls. It was always the "better citizens" who failed to vote, leaving the organization-controlled wards to decide the fates of candidates.

The Beacon named the independents, and those candidates who could be depended upon to bring about a real reform if elected. Followed promises of a complete shakeup in the police department, with a new chief and a list of "iron men" to take over the captaincies of the various precincts. The detective bureau would be cleaned out wholesale. Meanwhile various civic organizations announced that special watchers had been enlisted by the hundreds for the polls. Things looked black for the Chief and Jerry. And Jerry never worked harder in his life. He got little sleep that night.

THE next day he worked even harder. Then in the evening breaks for the gangs.

New President Conducts Session Of Institute

Miss Mary Kosinski, new president of the Richmond Y. L. I., presided over the regular business meeting held last evening in Memorial hall.

Plans for a whist party in collaboration with the Y. M. I. were discussed and the date set for Thursday evening, August 31. The girls' committee includes: Madeline DeBoli, Mary Davilla, Helen Maloney, Emily Apostolo and Mary Kosinski.

On Wednesday evening of next week the girls will hold a beach party and picnic. All planning to go are asked to notify Irene Glasson and the group will leave the corner of Tenth street and Macdonald avenue at 7 p. m.

The committee for the event is planning a surprise for the evening and asks that reservations be made by Tuesday night.

Madeline DeBoli reported on the recent convention in San Francisco and considerable discussion followed on the Study Club plans advanced there.

Announcement was made that basketball season would begin soon.

Former Richmond Girl Is Honored

Mrs. Catherine Rector of 629 Thirty-second was hostess recently for a stork shower honoring Mrs. Robert Owen of Fresno, the former Miss Edna Ridley.

Former school chums of the honoree were bidden to the affair and enjoyed a dainty supper and cards. Prizes went to Miss Rita Reed and Miss Pauline Draper.

Mrs. Owen received many lovely gifts. Those present included: Miss Pauline Draper of Fowler, Miss Rita Reed of San Jose, Miss Phyllis Muzzo of Fresno, Misses Hazel Whalen, Helen Cunningham and Pearl Terry of Richmond, Mrs. Owen and Mrs. Rector.

Elopement Of Local Couple

A complete surprise to her many friends was the announcement yesterday of Mrs. Gertrude Sherman's marriage to Leroy A. Mealman, well-known Richmond man.

The couple went to Reno and were married quietly on Saturday according to a wire received by the bride's mother, Mrs. Rose Doolittle of 431 Sixth street.

They are now honeymooning with Mealman's parents, and will make their home here when they return.

Mrs. Mealman is a past president of Richmond Rebekah lodge and the United Veterans of the Republic auxiliary. She resided with her mother.

Mealman is a crew member on one of the local Standard Oil tankers and has boarded at the Doolittle home for some time.

Native Daughters Enjoy Dinner

Members of Richmond parlor, Native Daughters, last evening enjoyed a most delicious dinner served in the gardens of Mrs. Elizabeth Spierisch on the West Side.

Elizabeth and Gertrude Paasch assisted in serving.

After a short business meeting the members enjoyed games and Dutch whist. Prizes were awarded to Mesdames Bessie Leach, Mabel Mason and J. C. Foudner.

About 24 ladies were present.

Graduates To Hold Reunion

Every Constipated Person Should Try This

Stop taking pills, salts and other harsh physics that irritate and weaken the bowels. Such things merely force movement without cleansing the liver of its excess bile, which explains why your constipation always returns in a day or two and you find it necessary to use more physic.

Everybody ought to know that a torpid, lazy liver clogged with bile is the true cause of habitual constipation. This stored-up bile poisons the whole system and causes indigestion, resulting in bad breath, headaches, coated tongue, yellow skin, sour stomach, gas, dizziness, or high blood pressure. After a good internal cleansing with Flantax, which also tones up and regulates the liver, these symptoms usually disappear completely.

Flantax is made from the juices or extracts of harmless medicinal herbs—Nature's own remedies. It works gently, safely, but most effectively. Large bottle fits any good drug store.

Some Groceries Will be Exempt From Sales Tax

SACRAMENTO, Calif., July 27.—UP—Purchasers of bread, milk, beans and other articles which retail for less than 15 cents will not have to pay a tax under provisions of the new 2 1/2 per cent sales tax which becomes effective August 1.

A conference between representatives of California retail merchants and the state board of equalization resulted today in a schedule of sale taxes, which will be enforced as follows:

Sales from 1c to 14c, no tax.
Sales from 15c to 59c, 1 cent tax.

Sales from 60c to \$1.45, 2 cents tax.
Sales from \$1.46 to \$1.99, 3 cents tax.

Sales from \$1.50 to \$1.99, 4 cents tax.
Sales from \$1.91 to \$2.50, 5 cents tax.

For each 10 cents thereafter, 1 cent additional tax.

Every person, partnership or corporation selling at retail will be required to secure license from the state board of equalization.

The retailer must pay the state upon gross total gross sales according to provisions of the act.

The schedule was devised to spread the tax in such fashion as to average 2 1/2 per cent.

Reaper Calls For J. Franklin Floyd

Succumbing to an illness of several months, John Franklin Floyd, 60, succumbed to death late last evening at his home, 55, Barrett avenue.

Born in San Jose, he came to Richmond in 1906 and has made his home here since. At one time he owned and operated a tobacco store locally for some time and has countless friends and acquaintances here.

Surviving relatives include: three brothers, George J. of Richmond; William of Palo Alto and Kirby of Glendale.

Funeral arrangements are pending at the Wilson and Kratzer chapel.

Hospital Patients Eat From Gardens

HANFORD, Cal.,—UP—Patients at Kings county hospital today had fresh vegetables which the county did not buy for them.

Twenty varieties of vegetables were grown in the hospital garden, started as an experiment last November.

The garden, officials said, cut the hospital's operating cost materially.

AARON SAPIRO ARRESTED FOR RACKETEERING

CHICAGO, July 27.—UP—State's Attorney Thomas J. Courtney today directed the return of an indictment against 24 men accused of conspiracy to make "rackets" out of the dyeing, laundry and carbonated beverage industries in Chicago.

"The indictment speaks for itself," said the prosecutor while the public regarded Courtney's action as a renewed offensive against alleged racketeers.

Alphonse (Scarface) Capone, now in prison; Alderman Oscar E. Nelson, who is former William Hale (Big Bill) Thompson leader; Murray (The Camel) Humphreys, Capone's successor; Dr. Benjamin M. Squires, who holds a Ph.D. from Columbia University, and Attorney Aaron Sapiro, the man who sued Henry Ford for \$1,000,000 were among those named in the 23 counts of the indictment.

Courtney asked New York police to seize Sapiro, which they did. Two of the others indicted, Jerry Donovan and Sam Feldman, both labor leaders, were seized 30 minutes after the indictment was announced.

Courtney announced that all others would be brought in and that he would ask the federal government to send Capone from Atlanta penitentiary long enough to stand trial on the charges.

Courtney, whose friends accord him success in conquering gangsters to his ability to say "no" and mean it, explained the indictment briefly.

"When I assumed office I began an investigation of all rackets in Chicago," he said.

"We worked nights and Sundays, in addition to a full day's labor. We interviewed 1200 witnesses. Racketeering was so deeply rooted in this town that it was like bucking a stone wall to get into the thing. But we got results. The indictment speaks for itself."

"We started this investigation on May 7 and I just want to point out that there hasn't been a bombing in these industries since."

Sapiro was born in San Francisco in 1884, was placed in a San Francisco orphanage when five years old and remained there six years.

He learned law while working in a law office on the west coast and was a private in the field artillery during the World War. He then became interested in cooperative movements, organized a farm cooperative with members in seventeen states, and later sued Henry Ford's publication for stating that the movement was part of a worldwide Jewish plot.

The case was settled out of court.

SUPERVISOR BATTLES FOR LOCAL AREA

(Continued from page 1)
gas, and on the basis of registrations in this county. Contra Costa will receive \$185,000.

Division Not Fair
In the past the supervisors have taken this money and split it even among the five supervisorial districts.

Long contends this is wrong, and that it should be apportioned among the different districts on the basis of registrations.

On the even five-way split of this money, supervisor district one receives but \$37,000, but Long claims as there are forty per cent of the registrations in district 1, his district is entitled to \$72,000.

Other statistics that Long has gathered are more than illuminating, and shows that district No. 1 is apparently always on the short end.

As a result of his delving into the records of the county, he finds that out of the bond issues for roads a number of years ago, and out of the general road fund, although his district has forty per cent of the assessable property of the county, there has been but 17 miles of roads provided in district No. 1 from these sources, while there has been 34 miles built in No. 2, 34 miles in No. 3, 27 miles in No. 4, and 31 in No. 5.

Back to Wall
Long is standing with his back to the wall, but has told the other members of the board that he proposes to make a determined fight to see that there is a proper distribution of the general fund road money and the gas tax money.

If Long is successful in having the gas tax money properly distributed, there would be no occasion of levying a county road tax in this supervisorial district.

Richmond Gets Ready to Work On NIRA Plan

Plans for Richmond's support of President Roosevelt and N. I. R. A. began to take shape yesterday under guidance of P. M. Sanford, president of the chamber of commerce, who announced that the movement will shortly embrace the entire community. The objective will be to stimulate the fullest cooperation with the President's program.

Sanford has received word from Charles P. Horner, head of the bureau of public relations under General Hugh Johnson, as follows: "The purpose of the campaign is outlined in the address of President Roosevelt and in a bulletin being mailed to you. Chart of suggested plan of campaign will be mailed today."

The local organization is now being whipped into shape, but details will not be filled in until Sanford has received the material from Washington showing the general plan that is being followed through out the country.

It is understood the program will involve newspaper support, three-minute talks by selected speakers and other activities calculated to impress upon the minds of the people the importance of complete cooperation in the plan of the President.

A meeting calling together the representatives of all groups will be held in the near future to launch the movement, on a date to be announced.

ing the Hutton entourage was whether the trip to Chicago should be made by airplane or train.

An airline official called on Mrs. Hutton concerning reservations. He told the evangelist he could not give her free transportation.

"The railroad?" said Andrews. "All give her passes because she is a minister of the gospel."

Reinued Pass
The airline official said that could not be done in his case. Mrs. Hutton then decided to ride a train. The Baltimore & Ohio railroad said, however, that she would not get a free ride, but merely a forty per cent discount on her ticket through a clerical pass.

The money which arrived today was sent by Aimee's devotees in the Angeles temple. It was learned that the temple has reclaimed the twelve cylinder automobile which Mrs. Hutton sold was one of the gifts she had presented to her husband.

Stock Markets Pushed Upward

NEW YORK, July 27.—UP—Stocks, bonds and commodities pushed upward today with further improvement in speculative sentiment.

Wheat prices boomed almost eight cents a bushel in the Chicago pits as buying was stimulated by a rapidly deteriorating spring wheat crop in the United States and Canada.

The New York stock market closed strong at gains of 1 to 5 points. Speculative railroad, industrial and publicly utility bonds lifted briskly. Cotton gained \$1.50 a bale.

At one time the stock market was upset by a severe break in gold and other mining shares. This followed the attorney general's ruling prohibiting the export of smelted gold.

BEACH PARTIES STIR PROTEST

ALAMEDA, July 27.—Protesters against alleged rowdiness of bathers at the south end of Union street, a dozen residents of the district today filed a petition to close the beach with City Manager Ralph M. Bryant.

Chief of Police Vern Smith, after conferring with Bryant, is investigating the charges.

Bathers using the beach, undress in their parked automobiles and engage in wild parties, the petition sets forth.

Public Barred From Trial of Vice Suspects

VISALIA, July 27.—UP—Spectators were barred today as the preliminary hearing of six men on vice charges involving grammar school girls opened in justice court.

Defendants were Elmer Crowder, 32, former city parks superintendent; G. E. Bone, 40, cafe owner; Alfred Shippey, 62; Ernest King, 23; Kenneth McMurray, 23, and Dan Maskell, 26. Their attorney, Dickson Maddox, said he planned to attack the credibility of the girls assertedly involved.

Convicted Man is Declared Insane

SAN QUENTIN PRISON, July 27.—UP—Harry Fuller Gould, 26, Los Angeles convict sentenced to die, will be given an insanity hearing, prison officials announced today after a physician pronounced Gould "mentally unsound."

Gould was convicted of the murder of William Fuller. His hanging date, after a series of postponements, was set for August 11.

Reach for a Lucky

- for always Luckies Please!

I'm strong for sunshine — so I'm strong for "Toasting"

I've always found that really good reasons are the simplest reasons. For instance, I know that sunshine mellows and heat purifies. "Toasting" is therefore very easy for me to understand. And very easy for me to appreciate—because—my sense of the fastidious is so very

exact. You see, I'm always aware of the fact that my cigarette comes in such intimate contact with my lips. Quite naturally, it's the purity of "Toasting" that I single out for special praise. It's just my own personal feminine reason for saying "Luckies Please!"

because "It's toasted"
